

Mouse Brain SysQuan – Resource Overview

TimsTOF DDA / 4 brain regions / 6 fractionated batches + 1 unfractionated (Cerebellum–F)

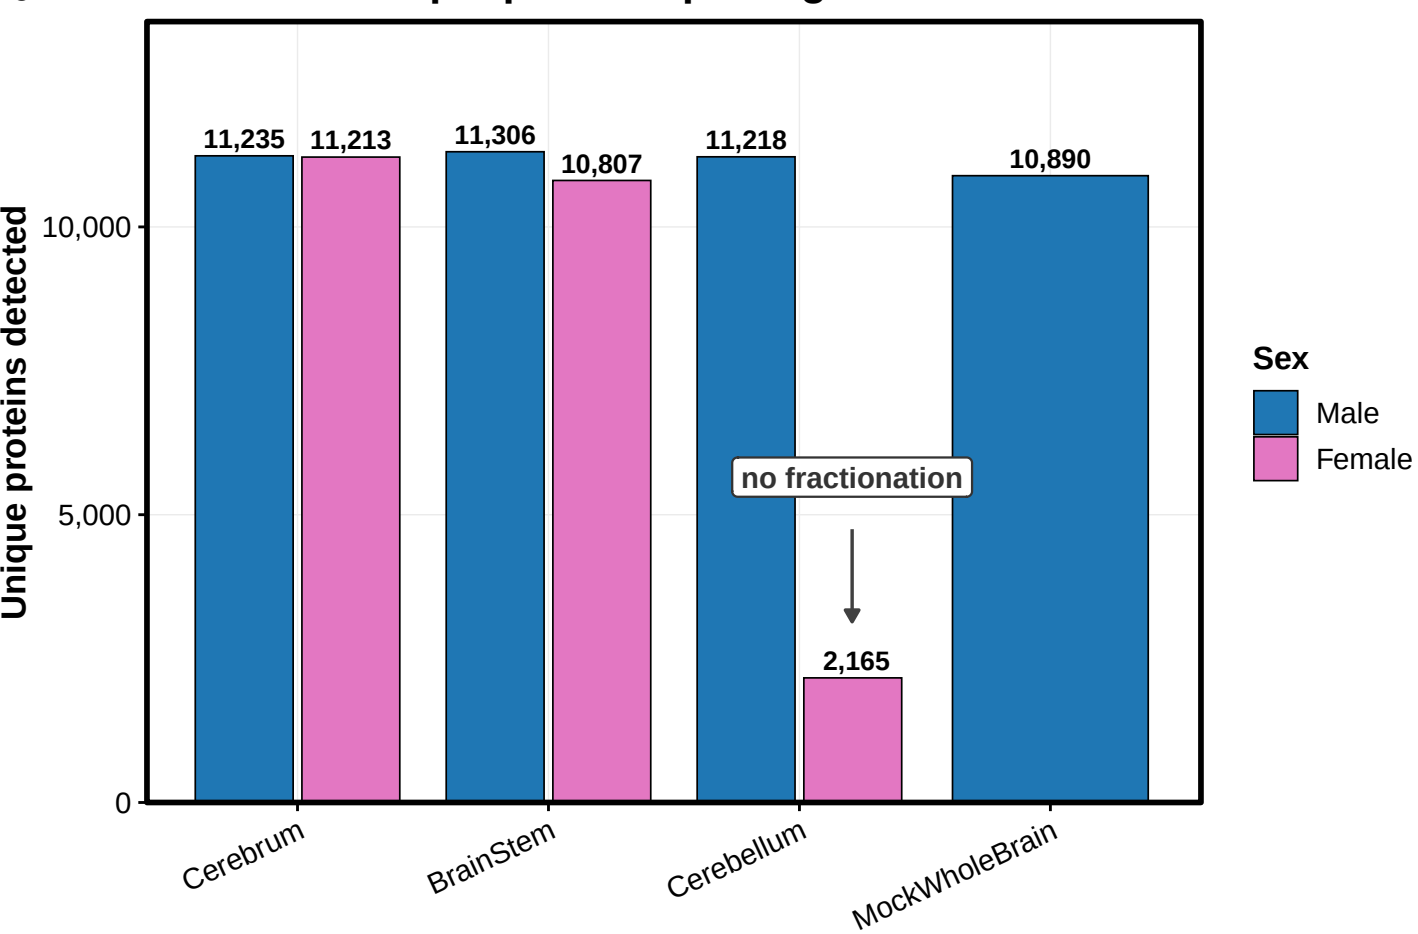

a Protein-level resource composition

875,935 peptide entries; 15,154 phosphopeptides; 9,256 proteins shared across all 4 regions

b

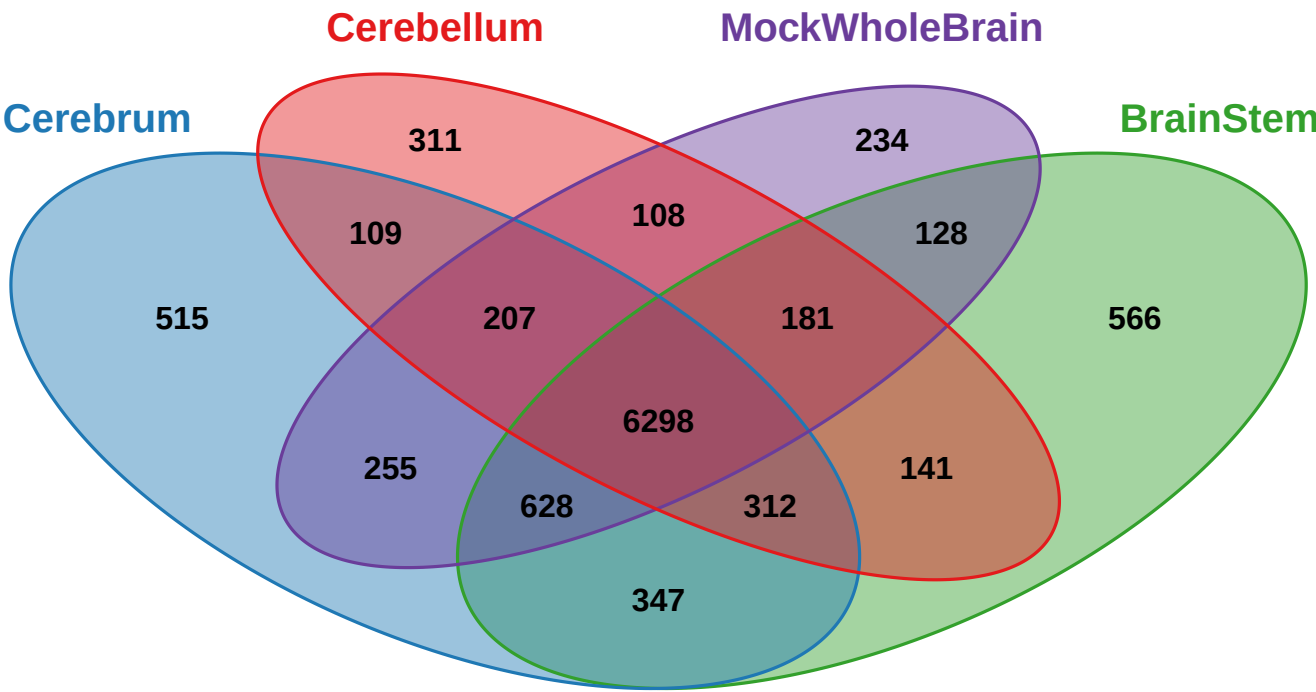

Unique proteins per region * sex

c

Region overlap of quantifiable proteins

6,298 shared across all 4 regions / proteotypic + doublet

d

Coverage depth: peptides per protein
